

MINING PEOPLE OFF FOR UBEHEBE

ROUND MOUNTAIN SCOTTY WILL
LOOK INTO SOUTHERN
RANGES.

Quite a party of well known people will leave here this morning for Ubehebe by automobile to look over that wonderful country, about which more has been said and written during the past few months than any property, perhaps, in Nevada. The party will comprise the famous Round Mountain Scotty and wife; A. H. Deahl, the well known mine owner of Manhattan, and C. Lonkey, a big lumberman of California. The party will be the guests of Ray Baker.

The gentlemen of the party have heard so much of the wonderful copper country of the Ubehebe that they, like all other men interested in mining, are anxious for a peep into the treasure house of the southern ranges.

Round Mountain Scotty is one of the pioneers of Round Mountain, and one of those who helped to bring that district into prominence and to unroll much of its wealth to the gaze of the world. His wife is almost as expert a miner as is he, and the lucky man of the mountain lays considerable store by her judgment. From a party of this description one ought to get a good deal of information upon their return.

PERSONAL MENTION

J. J. McSorley left on last evening's train for San Francisco.

Dave Holland went over to Goldfield yesterday afternoon on a short business trip.

John Tamblin and family departed yesterday for a visit to their former home, Nevada City, Cal.

Arthur Erbs left last evening for Reno, where he will be absent on business for several days.

Puddy Grimes left last night for Sacramento, from where he received word that his wife was ill.

Miss Beatrice Shaw, who has been away to the coast for several weeks, has returned to Tonopah.

Miss Nina McCool has returned from the coast, where she has been sojourning for the past month.

W. D. Blackmer, superintendent of the Tramp Consolidated, was up from Rhyolite yesterday on business.

W. J. Stoneham left last night for a trip through the Eastern cities, and will be gone for about a month.

T. G. Gwynne, editor and proprietor of the Rhyolite Herald, arrived in the city yesterday from the southern camp.

Mrs. C. C. Dorr has gone to Los Angeles, taking with her her daughter, Rebecca, who is going to attend the West Lake school.

Charles E. Knox, president and general manager of the Montana Tonopah Mining Company, arrived in the city yesterday, and will be here for several days.

Henry Seltz, secretary of the North Belle Mining Company, will leave this morning for the mine, which is located in the Union mining district.

John Kirchen, general manager of the Tonopah Extension Mining Company, returned on Monday from San Francisco, where he had been for ten days on business.

Mr. and Mrs. John McGuire of Blair returned here on Monday night from Los Angeles, where they had been spending several weeks. They left for Blair yesterday morning.

J. Brown leaves this morning for a trip to the Union mining district, where he is going to put up a sampler which will be at the service of those who have properties in the district.

John McCrimmon and wife left on last night's train. Mrs. McCrimmon will go to Illinois, where she will spend the winter and will be accompanied as far as Reno by Mr. McCrimmon.

Frank A. Keith, general manager of the Tonopah Mining Company, who has been in San Francisco for a week on business, has returned to Tonopah, and expects to remain here for some time.

"Dry Wash" Tom Wilson, in his big six-cylinder Franklin, arrived from Goldfield last night, having with him J. P. Loftus, one of the principal owners of the Round Mountain Mining Company's property, and both are going on to Round Mountain.

Mr. and Mrs. C. P. Swinn have arrived from Coatesville, Ind., to make their home in Tonopah. Mr. Swinn is on the staff of the printing department of the Bonanza, and left here some weeks ago as a delegate to the fifty-third annual convention of the International Typographical Union at Hot Springs, Arkansas.

While East he went to Coatesville, and was there married to Mrs. Ruby C. Gaston. The wedding took place at the home of the bride's parents, Mr. and Mrs. I. N. Dicks, on August 8th.

SENSATION IN THE DAVIS CASE

SON OF "DEVIL" DAVIS SAYS HE
WAS TOLD HOW TO
TESTIFY.

A seeming bombshell was thrown into the camp of the prosecution yesterday afternoon, in the case of the State against Mrs. Ruth Davis, who shot and killed her husband, "Devil" Davis. The woman is on trial for the crime and the sensation came when the little son of the murdered man was on the witness stand.

He was one of the star witnesses for the prosecution, and on the previous trial his testimony had been straightforward and clear for the case of the State. Yesterday he was afflicted with loss of memory, and then with too much memory for the prosecution. He appeared stupid in his answers to District Attorney McCarran and the prosecutor had considerable work in refreshing his memory. It was evident that he did not want to tell all he knew, some of which was decidedly hostile to the woman.

Mr. McCarran reminded him of the afternoon that he went into his office and the boy's telling there of the woman waking him up on the night of the murder to ask him if his father had not been consorting with another woman. He also admitted that Mr. McCarran had cautioned him only to answer questions that were put to him, and to tell the truth. Mr. Gibbons, the woman's attorney, in cross-examination brought out a statement from the boy that he had told the district attorney that his father had beat the woman and had threatened to shoot her, and that Mr. McCarran had told him to say nothing of this in court.

Mr. McCarran was on his feet in a moment with a strenuous denial, and got the statement from the boy that his assistant, Cleve Baker, was present during the interview. It was a body blow to the prosecution and McCarran stated that he would put Baker on the stand to impeach the story of the lad. Recess was taken until this morning, when the trial will be resumed. Mr. Baker, who is in Oregon, was wired for last night.

WAS DEED OF AN INSANE WOMAN

LOS ANGELES, Sept. 17.—Driven insane by ill health, despondency and the loss of her husband, Mrs. Anna Baker, 31 years old, drowned herself and her seven-year-old daughter, Allegra Johnson, in the lake east of the city limits late last night.

She left her home at 6406 Ruby street, where she lived with her brother-in-law, at a late hour, leaving a note telling of her intentions. The note was found and a searching party spent the night searching for the woman and the child.

At 8:30 o'clock this morning they were found. The child's head was above the water, and the mother's arms still clasped about the girl.

The family came to Los Angeles two years ago. The woman's husband has been in Iowa during the last year attending to the farm which formerly was the home of the couple.

BURGLARS INVADE DENTISTS OFFICE

Burglars entered the office of Drs. H. C. King and R. F. Phillips, dentists, in the Nyeo building, some time Monday night and secured about \$15 worth of gold and a plate that had just been finished. Entrance was gained by breaking the glass in the transom over the door. The entire loss will amount to about \$100 and as there is no clew to work upon it will be a difficult matter to capture the thieves.

SUCCESS EXTRAORDINARY

Our Victor Sale is far more successful than we expected. Prices on our high-grade merchandise has done the business on summer lines. Our stock is still far too large and for this week, ending Saturday, Sept. 21, we will give the people an opportunity to save big money on fresh new fall goods just out of the cases. Special prices this week on blankets, comforts, underwear, shoes, corduroy and wool shirts and pants. Don't miss the great money saving opportunity. One week only.

RAILWAY OFFICIALS VISIT TONOPAH

REPRESENTATIVES OF FOUR
ROADS SIZE UP THE
SITUATION.

Tonopah is becoming quite a favorite spot for the centering of railroad men, and a week hardly passes now but what we have several representatives of Harriman, Ripley, Clark or Smith, and ere long we will be entertaining the house of Gould.

There were no less than four of these brisk, wide awake railroad men in here yesterday, and they are all here meeting the people, sizing up the situation and looking for business for their respective roads, and all quite certain that they are going to get it. The gentlemen referred to are A. B. Moseley, traveling passenger agent for the Oregon Short Line, located at Ogden; F. M. Grace, superintendent of the Las Vegas and Tonopah Railroad Company; A. H. Pett, traveling freight and passenger agent of the Southern Pacific, out of Reno, and Percy D. Pratt, traveling freight and passenger agent of the Chicago, Burlington and Quincy Railway Company, with headquarters in San Francisco.

This is the first trip here of Mr. Grace of the Clark road, and he expresses himself as being surprised and more than pleased with the conditions of this place and Goldfield.

"There is plenty of business for the Smith road and for our road in southern Nevada," said he, "and I was never more satisfied of this than I have been since making a trip into the country. We have established a general agency for our line in Goldfield, and have been in there for two months. G. F. Knight being our representative. The Las Vegas and Tonopah road will be into Goldfield about the 10th of next month. There is plenty of business here for everybody, for this country is going ahead all the time, and the new mining districts which are springing up are all tributary to the great camps. I am surprised to see two such modern looking cities as Tonopah and Goldfield. The improvements, the big buildings, and institutions that have been established, show the confidence that the people have in their own towns, and this invites confidence from the outside."

"I notice improvements every time I come here," said Mr. Moseley, "and I want to say that Salt Lake is looking in this direction with business in her eye. There are a lot of Utah people who have interests throughout the country, and the merchants are now trying to get their share of the trade. They have their representatives in here all the time, and they are doing pretty well already in the way of business. Southern Nevada is a great country, and it is destined to be a still greater one."

JUDGE BRISSELL'S GRIND WAS FINE

SENTENCES PETE BOGAY, THE
WOMAN-BEATER, TO SIX
MONTHS.

James Remington, alias Kid Parker, was arrested yesterday on the charge of threatening to kill his wife, and will be arraigned this morning in Judge Brissell's court.

Pete Bogay, who was found guilty on Monday of cruelly beating Pearl Slater, a member of the tenderloin, was sentenced yesterday by Judge Brissell to serve six months in the county jail. His honor in passing sentence took occasion to remark that the offense was a most heinous one and deserved a greater punishment.

F. W. Bennett was arraigned yesterday afternoon on a charge of petty larceny. Bennett, it is alleged, entered the cabin of O. H. Fitzgerald while the latter was sleeping, and helped himself to everything in sight. He carried away a trunk full of clothing and after pawning the trunk shipped the rest of the clothing to Mina, where it was found. Bennett recently served thirty days in the county jail on a misdemeanor charge.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment \$1.00. Your money refunded if not satisfied. Sold by Tonopah Drug Co.

GREAT RUSH ON TO ELLESWORTH

TUNGSTEN IS THE ATTRACTION
FOR MINER AND PROS-
PECTOR.

Major Richard Donovan and W. M. Field returned last night from a trip to Ellesworth, where they had been doing their annual work on some properties there.

"Ellesworth is about seven miles from Phonolite," said Major Donovan, "and there is a great rush on there now, for the reason that tungsten in great quantities has been discovered. Myself and associates have four claims, and there is tungsten on every one of them. We have brought in a number of samples, which I am going to ship to Denver tomorrow to ascertain just what we have got. I know little about the stuff, but everybody who has seen it declares that we have a lot of it and that it is the right stuff all right."

"There have been quite a number of people from this town who are trying to get in there, for the reason of the tungsten. There is one old Frenchman there named Ballou, who has been in the camp since the early sixties. He has children who are married, and who have never seen a railroad, and their children's children are in the same boat. This old man has a great mine of tungsten, and there are parties who want to bond it, but he wants to sell it outright and will not talk on any other proposition, so there the property hangs."

"Four days ago we struck a ledge of gold and silver on our property, and the lowest assay we got on it was \$158 a ton. It looks better as we go along. We made the find in a crosscut on the 110 level and we are now both stopping and sinking on the ledge. I am going to make arrangements, immediately, to ship forty tons. We will ship to Mina and then to Salt Lake. Mine is forty-five miles away from us. Ellesworth is an old district, which has been a great producer in the old days. Seven miles from us is the Lodi, which is taking out ore that goes \$280 to the ton. They are down nearly 44 feet and have a ledge that averages eight or nine feet in width."

FEUD ENDS IN DIVORCE COURT

SEATTLE, Sept. 17.—Mrs. Myra Constantine Hall, daughter of William Constantine, a wealthy butcher, convicted in the lower courts of assault with a deadly weapon upon his son-in-law, has commenced suit for a divorce. Jesse Hall, the young husband whom Constantine trapped in the entrance to the Hoge building and shot several times as he tried to escape into his office, is now in Butte, but his attorneys announce that Hall would return to Seattle to make another fight against divorce proceedings. Hall is now suing Constantine for \$100,000 personal damages for the assault made upon him.

Constantine was convicted in the lower court and given a year's sentence in the state prison. Pending the outcome of his appeal he is out on \$5000 bond. Constantine claimed he shot Hall because his daughter had informed him her husband had abused and disgraced her. All the parties are prominent.

COMPLETE DEAL SECURING WATER

ROUND MOUNTAIN COMPANIES
PERFECT ARRANGEMENTS
FOR WATER RIGHTS.

The Round Mountain Hydraulic Mining Company yesterday completed its arrangements with the Round Mountain Daisy Mining Company for securing water for the operation of its hydraulic plant. The directors of the company, after holding a meeting in Goldfield, came over here last night and met with the directors of the Round Mountain Daisy Company and signed a lease for the water rights necessary to carry on the work.

A cash consideration was a condition of the lease, the term of which is four years, at the end of which time the plant of the hydraulic company reverts to the Round Mountain Daisy Company. The plant is worth \$50,000. The Round Mountain Daisy Company owns the water coming into Round Mountain, and it was only through that company that the hydraulic company could get the water it needed to do their placer work. Sluicing will be commenced in about ten days, with the water coming from Shoshone Creek. The hydraulic giants will be turned on some time in October, when the Jefferson and Indian Ranch streams will be piped in.
